- Rs 500, may be sanctioned - -

c) Formation of roads and construction
of tunnels - Rs 1,000, may be sanctioned

Rs 2000
may be

sanctioned
in all
for

Rs 2000 may
be sanctioned

24-1-43
31-1-43

Rs 1000/- may be

sanctioned

may be
sanctioned

24-1-43

A grant
of Rs 3500
may be

sanctioned

24-1-43

Bannur

a) construction of Reading and store rooms - Rs 1,500 may be sanctioned -

A sum of Rs 300 may be sanctioned for May be sanctioned for the same - Rs 1,500 for orders

24/1/40

Mugur

Rs 500/- may be sanctioned for May be sanctioned for the same - Rs 500 for road repairs may be sanctioned -

24/1/40

periyarpattana:

a) Removing congestion in 'panvau' - Keri & forming an extension for them - (as directed said to have been directed by the minister Leg & P.H.) - Rs 5,000 - is prayed for definite proposals may perhaps be called for

Definite proposals may be awaited

Rs 2,500 may be sanctioned for the same

24/1/40

b) improving Bannur and metalling roads - Rs 700 prayed for may be sanctioned

Rs 700/- may be sanctioned for May be sanctioned for the same

24/1/40

c) filling up the pond near Edga at Bannur road and its conversion to a curb wall - Rs 740 prayed for may be sanctioned

May also be sanctioned for the same

24/1/40

Yel anam

Repairs to Roads - Rs 500
may be sanctioned

Rs 500/may be
sanctd
May be sanctioned
24-1-45

Thirde - In general town
improvement works, Rs 1,000 may be
sanctined

Rs 1000/may
be sanctioned
May be sanctioned
24-1-45

Saragm

a) Repairs to roads
→ Rs 1,000 prayed for i/p users

b) Erecting cattle pond compound
wall to the cattle pond - Rs 600/-,
as recommended, may be sanctioned

Rs 1600/may be
sanctd
May be
sanctd

Copy of the letter No C 3818/43-44 dated the 7th December, 44 from to the Director of Public Health in Mysore, Bangalore, from the Deputy Commissioner, Mysore District

Subject WATER SUPPLY AND TOWN IMPROVEMENT GRANTS FOR THE YEAR 1944-45

With reference to your letter No C 141-143 dated the 14th August 44 and ~~xx~~ subsequent reminder thereon calling for statements on the above subject, I have the honour to forward herewith separate statements showing the amounts of grants required for the several Town and Minor Municipalities in Mysore District for the year 1944-45 and to state as follows -

WATER SUPPLY GRANTS - TOWN MUNICIPALITIES

NANJANGUD A total grant of Rs 54,568/- is required for several works as noted in the statement enclosed herewith. The construction of a high level reservoir in Nanjangud at an estimated cost of Rs 20,000/- has been a necessity and due to many other works involving heavy expenditure undertaken in the municipality it is unable to finance the scheme in full. Therefore, a sum of Rs 10,000/- representing half the estimated cost is recommended for being granted.

A sum of Rs 6,13/- being the excess owing to the revision of estimate of the Annual Maintenance charges for 1943-44 has already sanctioned by Government in order No L 2123-5/M1, 58-44-2 dated the 5th September 44.

GUNDLUPET The residents of Gundlupet have been subjected to grant hardship and various difficulties owing to scarcity of good drinking water from a very long time. This scheme which should have had its due priority sometime before has lost many chances of getting a suitable grant. Its resources of the municipality, are not adequate to embolden it to venture upon new and costly schemes however useful they may be to the residents of the place. In spite of such handicaps, the local Municipal Council have agreed to bear half the estimated cost of Rs 18,900/-. Therefore, it is requested that a sum of Rs 18,900/- being half the moiety of the estimated amount be granted by Government. If the entire sum of Rs 18,900/- cannot be granted in a lump in the current year, a sum of Rs 6,300/- may at least be sanctioned annually for a period of 3 years.

KRISHNARAJANAGAR Krishnarajanagara is badly in need of ~~xxxxxx~~ ~~xxxxxx~~ a grant of Rs 14,350/- being half the estimated cost for laying

laying 6" pipes for raising the main and to install a duplicate line of 4" pipes. The Municipal Council have undertaken many other works of Public utility and at present, they have no adequate funds at their disposal to meet the entire cost. Recently, Government had to be approached for according sanction to the payment of a monthly instalment of Rs 500/- in order to clear the arrears of Rs 5,000/- being the water supply electric current charges. Therefore, a sum of Rs 14,350/- may kindly be granted.

HUNDUR A total grant of Rs 415/- is recommended for sanction for the and to pen a sub-line, with a view to keep the health of the Town on completion of a settlement-Tank/a standard basis it is necessary to provide good and adequate water-supply to its inhabitants. Both the above mentioned works are going to serve the needs of the townspeople and as such the grant recommended, viz, Rs 4,715/- may kindly be sanctioned.

MINOR MUNICIPALITIES Only a sum of Rs 5,990/- has been recommended for being granted either to effect repairs to the existing wells or to sink new ones. Such of the items mentioned in the enclosed statement has its own urgency and these cases have been recommended only after a careful consideration and personal inspection. As such, the total grant of Rs 5,990/- may kindly be sanctioned.

TOWN IMPROVEMENT GRANTS - TOWN MUNICIPALITIES Against an estimated cost of Rs 2,54,607/- a sum of Rs 41,650/- is recommended to be granted though the amount required is Rs 13,942/- Of the total estimated cost, a sum of Rs 68,192/- will be contributed by the concerned Municipalities.

NANJANGUD Against a total grant of Rs 55,692/- required by the Municipality either to complete or to undertake several works, only a sum of Rs 24,900/- is recommended after a careful selection of pending works. The details of grants required are shown in the statement appended herewith. In order to afford housing facilities to the sweepers of the Municipality a sum of Rs 1,000/- may kindly be granted, considering this as a case of priority.

The other works are meant to improve the town and to afford marketing and travelling-facilities to the residents of the place. As Nanjangud is a centre of Pilgrims and is also a place of frequent visits by His Highness, maintaining the town in a clean condition and effecting improvements so as to give it a decent appearance are of utmost importance.

for Rs 5,000/- duly sanctioned by the Sanitary Engineer has already been received with his letter No C 172-133 dated the 31st October 44. The financial resources of the Periapatna Municipality are most inadequate to meet even half the estimated cost of the work. If the contribution of the half the estimated cost is insisted upon, the work will have to be postponed as the formation of an extension improves with the lay-out of the town as well as the health of a good number of poorer classes of people of the place, I request that the entire sum of Rs 5,000/- may, as a special case, be sanctioned.

The estimate for Rs 2,120/- for fitting up the pond near Ediga at Anchowkur Road sanctioned in G.O. No L 6812-5/M.L. 71-42-5 dated the 12th January 1943 has been revised for Rs 3,600/- by the sanitary Engineer in his letter No 445/- 43-44 dated the 1st October 1943. The excess cost of Rs 1,480/- is to be shared by the Municipality and the Government in equal proportions. Hence Rs 740/- being half the excess cost of the estimated value may kindly be sanctioned.

As regards Bannur, there have been repeated representations to Govt., urging for granting them many Civic and this question is being talked one by one, and providing the place with drains is one of them. The drainage system for Bannur has been a long-felt necessity and an estimate for Rs 93,760/- has been prepared by the Sanitary Engineer and approved by you. The proposals as regards the expenditure together with the connected estimates etc., has already been sent to your office with this Office letter bearing No D3-C 134/44-45 dated the 8th November 1944. Therefore, half the estimated amount be sanctioned to be met out of the Town Improvement grants, reserving a specific sum for this purpose each year so that the entire scheme may be completed within a stipulated period as already resolved by the Municipal Council at their meeting held on the 22nd October 1944.

Therefore, grants as detailed in the enclosed statement may kindly be sanctioned

CHAMERAJANAGAR The fifth stage of the drainage scheme is due to be undertaken Government have sanctioned a sum of Rs 15,000/= while the money to be met by Government is, in accordance with G O No L 510/ml ,8242-3 dated the 16th July 1944, Rs 18,750/= The balance of Rs 3,750/= may kindly be sanctioned to complete the Government share of the cost

GUNDLUPET The second stage of the drainage scheme ~~xxxxxx~~ is due to be undertaken Hence, a grant of Rs 10,000/- may kindly be sanctioned

HUNSUR Against an estimate of Rs 5,000/= for general improvement of the town, the municipal council have agreed to meet half the estimated cost as the works which are proposed to be executed are of a miscellaneous nature, only a sum of Rs 1,000/- is recommended for sanction

KRISHNA RAJANAGAR The municipal Council, K R Nagar have requested for a grant of Rs 2,000/- in order to construct small drains, culverts, etc this small sum of Rs 2,000/- may kindly be sanctioned

MINOR MUNICIPALITIES The total estimated amount for several works noted in the ~~xx~~ statement is Rs 76,045 Against this amount, the municipal Council have agreed to contribute Rs 52,805/-, and a sum of Rs 28,040/- is recommended for sanction In some cases, the estimates could not be got scrutinised and sanction in time In some cases, the concerned Municipal Councils desire to take up works on a smaller scale in order to ~~xx~~ meet the immediate local needs, such as, construction of small drains etc The urgency as well as the necessity of these works have been pressed many a time and I am personally convinced of the several requirements as detailed in the statement only such of the cases which are of absolute necessity are recommended for suitable grants

In this connection, special mention is to be made about 2 items of work, viz , the undertaking of drainage scheme at Bannur and the formation of an extension for the "Parivar" community at Periapatna During the time of the visit of the Minister for Public Health and Local Self Government he was pleased to recommend the urgency thereof and with a view to improve the health of the residents of the place An estimate
